

Cledford
Primary School
a brighter future together

Clerical Officer - Mrs Bethan Allott

I began working in administration for the Local Authority where I spent ten years doing various roles in clerical and customer care for Planning and Building Control. Following this, I spent a year working as a receptionist for a busy NHS/private dental practice.

Since having my two daughters, I have always wanted a job in a primary school.

I enjoy the variety of tasks which come from working in a school office, and the lively and positive environment which exists at Cledford.

Outside of work, I enjoy spending time with my friends and family. I like to keep fit by going swimming and doing pilates.

"If you have good thoughts, they will shine out of your face like sunbeams and you will always look lovely." - Roald Dahl
