Primary School
A brighter future together

Class Teacher - Mrs Maria Giblin

As a child I always wanted to be a teacher and often played schools. You would hear me taking the register and teaching my teddies and dolls.

I trained as a teacher at Staffordshire University graduating in 2014, then I started my career in Stockport as a reception and year 1 teacher.

For the last two years I have worked in our Federation school Gainsborough; my Specialism is in the Early Years Foundation Stage and I am passionate about teaching phonics, PE and 'Active Maths.'

When I'm not in school, I like to play all sports and want to get back into competitive netball. I love walking and one of my favourite past times is climbing Mount Snowdon.

"Life doesn't require that we be the best, only that we try our best." **H Jackson Brown Jr.**
