

Cledford
Primary School
a brighter future together

Class Teacher - Mrs Mari Peters

Although a recent addition to the Cledford Primary School team, my experience in teaching spans over 12 enjoyable years. From inner city to local countryside, one aspect of teaching remains the same; the innate ability of children to surprise and astound.

Outside of school, I enjoy baking (which ends disastrously on occasion), reading and music. You can often find me tinkering on the piano.

I try to make the most of all opportunities and enjoy every moment, both at school and with my family.

"Grab life with both hands, take opportunities you have, and create the ones you need".
